Board Plans To Tell Both Sides of Story

C. of C. Directors To Stage Educational Drive on Cement Mill

Decision that Palm Springs should start immediately on a campaign to convince surrounding communities that the proposed Guilberson cement mill would not directly or indirectly hurt business in the entire area was reached last Monday by the board of directors of the Palm Springs chamber of commerce.

Opinion was expressed that the people of the Pass area and Indio are being told only part of the story, and that the attack being made upon Supervisor James Easley is unjustified.

THE DIRECTORS voted to send a letter to Easley, assuring him of their appreciation and support, conduct an educational campaign on the subject here in Palm Springs and appoint a committee to visit groups in the nearby communities. Seven of the directors attended the annual meeting of the Banning chamber of commerce, held at the Women's Club in that community last Wednesday night to inaugurate the move.

With twenty directors present at the meeting last Monday, the local chamber dug into problems that face the organization and the community as a whole.

AL HOOVER reported that the revised interest in the affairs of the chamber of commerce, led by some active committees, President Charles Mathews and Earl O'Day, secretary-manager. The directors voted to send one or two delegates to the annual convention of the California state chamber of Commerce next Dec. 2 and 3. They decided to have a booth at the Riverside County Fair and Date Festival at Indio, and turned the matter over to the advertising and publicity committee.

AL HOOVER reported that the proposed midge auto racing track and sports arena, which was to be sponsored by a local American Legion post, had apparently fallen through because of the new zoning regulations.

A night party similar to the one which the chamber put on last spring will be held on Nov. 10, the directors decided. The project will assist in financing the chamber until the annual membership campaign in December.

This Side Of The Sun

By Phat

A pure white sheet, an empty brain. That, dear readers, will save you pain

I had a lot of ideas for that starting tripe at the top of this piece but they were all bad. I intended to take nasty cracks at several little items but it was such a beautiful morning that I felt benevolent all over and decided against it. Anyway, the dawn hours were beautiful.

BY THIS TIME you know I am an avid reader of those little fillers that chink out the columns in newspapers such as the Moon isn't made of cheese and so on. . . . Once I ran across one which seemed like a good household hint and used it in the column. . . . It had to do with putting a piece of toast on cauliflower, cabbage or other odorous foods and thus avoiding smelling up the house. . . . Mrs. G tried it and it worked. . . . But it led up to disaster. . . . In return, she once gave me a household hint before leaving for a few days. . . . I always have trouble when raiding the ice box in distinguishing hard-boiled eggs from those in their natural state. . . . So she told me that she had read one of those little fillers which set forth that the way to tell a egg ready for eating from a raw one when both are still encased in shells, is to spin them. . . . A raw egg won't spin. . . . The heck it won't, I tried that. . . . The egg spun right off the table. . . . And what a mess I had to clean up. . . . So now she pencils them. . . . One is marked "B" for boiled, the other "R" for raw. . . . That lead to trouble, too, because in handling, I rubbed off the bottom of the "B". . . . And tried to fry a hard-boiled egg.

AND SPEAKING of messes. . . . That "who-dunn-it" mystery at Mr. Dee's has been cleared up. . . . It wasn't blood on the door knob. . . . It was paint. . . . Seems Leo Wozniak who serves the potatoes during the season and

See THIS SIDE, Page 10

SHAMBLES—Besides taking \$220 in cash and valuable articles, yeggs who broke into the Village Pharmacy through the roof last Sunday left a mean mess for Merrill Crockett and his aides to clean up. Above is what employees found when they came to work that day. (P. S. Police Dept. Photo.)

Idyllwild Saved As \$60,000 Fire Sweeps Resort

Efficient work by state forestry department firemen and volunteers saved Idyllwild from total destruction by flames early Wednesday morning when a \$60,000 blaze swept the resort.

Portland, an amusement center and bowling alley, a 60-foot arcade and snack bar, a bicycle concession and bath house were destroyed in the blaze. Stately dining near the scene of the blaze were ruined. Charred bowling balls were noted around the ruins yesterday and youngsters sifted the hot ashes under the machines in the Arcade for pennies.

CAUSE OF THE FIRE was still undetermined today and an investigation was under way. Fire Marshal William Price, who led the battle which saved nearby cottages and the town, said first report of the fire came at 2 a. m. Wednesday and firemen fought it for an hour before the threat was ended.

City Budget Is Approved

Council in session Wednesday approved City Manager William E. Alworth's estimated cost of operating the city for the fiscal year of 1948-49, at \$332,050.49. That figures compare with total cash disbursement of \$400,645.44 representing the cost of operation during the fiscal year of 1947-48.

Largest source of revenue the city expects to receive will be from taxes, amounting to \$29,650. Capital outlay expenditures listed \$75,000 for Field Club improvements; \$25,000 for park land purchases and street fund spending amounting to \$53,908. Licenses and permits revenue it is estimated will amount to \$80,350.

Office of the Desert Magazine Press will be in charge of Carl A. Barrett, who is now connected with the new Palm Desert printing establishment. He will establish regular office hours for the convenience of commercial printing patrons.

All work will be done at the

Roof-Top Burglars Fail In Second Attempt Here

While police were continuing their investigation into the burglary of the Village Pharmacy early Sunday morning, alertness of Officer Jess Kirkpatrick on routine patrol, prevented a second similar raid in 24 hours.

Kirkpatrick, proceeding along Andreas road Monday morning heard what he believed were burglars on the roof of The Zanzibar, 185 East Andreas road.

RUNNING to his radio-equipped automobile he put in a call for assistance and with the arrival of Officer Ted Greene started an investigation. Going up the stairs at the side of the building and could here the burglars retreating before them. The prowlers made their escape through a rear exit, the police close on their trail.

AN INVESTIGATION revealed that a back door and window

had been forced open. The burglars were soft padded shoes, evidence showed.

Chief of Police A. G. Kettmann said that, from methods used at the Zanzibar, he believed it was the same gang which the morning before had entered the Village Pharmacy, taken \$220 in cash after peeling the safe, and also valuable articles.

THE BURGLARS, believed to be professionals, peeled off one layer of steel from the pharmacy safe and thus got at the tumblers. Entry was gained by prying off roof boards and dropping down into a men's wash room.

One new cash register in the pharmacy was ruined as the yeggs pried it open. Police Sgt. O. O. Johnson and Detective Durman Ordway said yesterday that investigation of the drug store burglary was being vigorously continued.

State Will Aid In Flood Repair

State aid in repair of flood-damaged streets has been granted, council was told in session Wednesday.

City Manager William Alworth obtained the approval of council to an agreement by which the Village will pay half of the repair cost, matched equally by state funds.

The agreement requires a deposit of \$6500 of city funds with the state and council ordered that done.

Alworth pointed out that if the cost is less than estimated, a refund will be made to the city. Repair of damaged streets is now in progress.

Parking Meters Bids Authorized

Resolution passed by council Wednesday instructed City Attorney Roy Colegate to prepare bids for purchase of approximately 500 parking meters.

Although eight representatives of meter manufacturers demonstrated their products to council members and City Manager William E. Alworth Wednesday no decision on the type the city will use was made.

Council discussed the merits of a public hearing before the purchase and installation of the meters and such a meeting may be called before October 6.

There's Enough Gasoline For All Villagers Told

There is plenty of gasoline on hand at local service stations to supply the needs of Village motorists.

A survey disclosed that the strike of oil workers was having little effect in Palm Springs. Filling station operators reported that they had ample supplies on hand, although in most cases only 75 per cent of July quota were being delivered by oil refinery trucks.

Funny Weather—But It's Cooler

Old Tahquitz got restless Wednesday evening. And the makings of a Tahquitz Twister were in sight with the mountains half hidden in a mixture of cloud and dust.

Later there was a gentle rain—in some parts of town. Other parts remained as dry as the proverbial bone. There wasn't enough to measure any place.

The storm followed three days of excessive humid weather with maximums ranging from 106 to 107.

Craig Schedules to Face Court Today

James Craig alias James E. Baxter, long sought by local police on charges of issuing fictitious checks, was scheduled to appear in preliminary hearing before Judge Eugene E. Theriot today.

Craig has been in city and county jails pending his hearing, in lieu of \$1500 in bail money.

Street Paving Program Authorized by Council

2-Year Plan For Village Set in Motion

State Act of 1911 Employed by City In Improvement Drive

An extensive street improvement program for the Village, involving more than two years of work and thousands of dollars, was set in motion Wednesday afternoon, when council ordered the framing of an ordinance under the state Improvement Act of 1911, setting up paving districts in the city.

City Attorney Roy Colegate was ordered to prepare the act which was to be prepared by the act setting up these districts and said the paving law would not be ready for 45 days, because of the many provisions of the 1911 act.

UNDER THIS LAW Colgate said, 51 per cent of the property owners must agree to street paving in a district. Payment of each property owner's proportionate share would either be in cash or over a period of time.

The owner may also decide to bond his share of the cost in which case he would have ten years to pay.

Councilmen were optimistic over the prospects and believed that more than 80 per cent of the property owners in each district would sign up for street paving.

Sanitation Rules On Reservation To be Enforced

Health and sanitation regulations on the Indian Reservation were the chief topic at a special meeting at Palm Springs Health Center yesterday, which was attended by county, city and state health officers.

Dr. Robert S. Westphal, who presided at the meeting, said before its opening that all state, county and city health and sanitation regulations would be vigorously enforced.

The meeting here followed an investigation of health and sanitation conditions on the reservation conducted by county health officers, regional medical director for the Department of Interior and members of the district attorney's office of Riverside county.

Present at the meeting yesterday afternoon in addition to Dr. Westphal was state sanitarian, Donald H. Helgren of San Francisco, Harry W. Gilmore and C. H. Perdue of the California Indian Agency; Dr. O. B. McRory, local health officer; Glen Vargas, district county health senior sanitarian, Palm Springs; Building Inspector Pearl Swart, members of the district attorney's office; Public Health Nurse Madge Holderman; Supervisor James Easley and City Manager William E. Alworth.

Legal Bout Over Cement Mill Awaits Deadline

If there is going to be a legal battle over construction of the S. A. Guilberson cement mill north of the city, it will not become known until the zoning ordinance becomes effective Sunday.

That was the opinion of Village attorneys and practically the opinion of County Counsel Earl Redwine in a statement to newsmen in Riverside yesterday.

A BUNCH OF FIRSTS—It was the first day of school, it was the first kindergarten ever established at Calhulla and it was the first day any of the above youngsters ever were in a school room—on business. It was a big day all around as these kids—part of 1380 who started school here this week—got their first touch of education. Miss Frances Nunan, teacher, fan't in the picture. . . she had to act the part of "the little bird" for the children to look at. (Desert Sun Photo.)

1380 Enrolled In Schools Here On Opening Day

First day of school Wednesday found 1380 enrolled in all schools with grammar school facilities amply large for the first year since the close of World War II to take care of enrollment but conditions crowded at Palm Springs high school.

The new St. Theresa Parish parochial school announced an enrollment of 163 yesterday with 200 expected within the next 60 days according to Sister Superior Mary Bernadette.

ELEMENTARY Superintendent Miss Katherine Finchy reported that 896 pupils had registered by yesterday morning throughout the entire unified school district. Of that number, 384 entered Francis Stevens School; 172 Calhulla school and 173 at the Nellie Coffman Junior High, 729 within the Village proper.

She said that last year the faculty numbered 33 but that Wednesday 44 were on hand. Last year Miss Finchy said the school boasted 29 class rooms as compared to 40 now, 38 of which are being used. When the Torrey General Hospital school plant is completed, 13 additional class rooms will be available.

"All of the class rooms will not be used this season," Miss Finchy said, "but we will be prepared for a greater enrollment next year."

PEAK ENROLLMENT at grammar schools in the district is expected to be reached by March 1. The district includes Desert Hot Springs, Cathedral City and Edom.

Dr. E. E. Oertel, principal of Palm Springs high, reported an enrollment of 321 as of yesterday. He expects a peak registration of 375 by January 15 as compared to 341 for last year.

"The school is short of room this year," Dr. Oertel said. "Some of the teachers have to move from room to room in order to hold classes."

SISTER BERNADETTE said that the kindergarten was abandoned at the parochial school because of the large registration of first and second graders. The faculty at that school in addition to Sister Bernadette, who teaches the 7th and 8th grades includes Sisters Francella and Mary John. Other faculty members are Miss Corinne Saldutti and Miss Margaret Fischer. All are from the Immaculate Heart College.

REDWINE INTIMATED he will ignore the cement plant until he can prove that the construction constitutes heavy industry.

"If Guilberson is bluffing, the bluff won't work," Redwine said. The county counselor said he didn't think any construction Guilberson completed before deadline time would make much difference to the courts, because, "he knew about the ordinance before he built his buildings and his roads."

Plans Completed Today for 5th Annual Western Week

Organization of committees, program arrangements and other details going into the makings of a biggest and best Western Week, were completed this week at a meeting of Los Compadres club and things were humming along toward the start of the fifth annual event October 28.

Western Week will start this year on that day, a Thursday, and come to an end with the big parade followed by the Western Show at the Field Club Sunday, October 31.

GENERAL CHAIRMAN of the event is George L. Strebe and he will be assisted by Elmo Purnell and has the entire club at his disposal.

All of the usual features and some new ones, will prevail at the event which officially sets off the season.

Los Compadres club members have been working all summer on plans for Fifth Western Week and expect it to be tops.

COMMITTEE CHAIRMAN were announced Wednesday by Wall Spalding, publicity chairman for the event. They are:

Bill Grant, Kangaroo Court; Phil Delano, Parade; Joe Butler, assisted by Warren Coble, Rolie

Prebostol, Dean Thomas and Cliff Campbell, Western Show; Stella Davis, Food; Wall Spalding, Publicity and Program; Bob Bennett, Games; Harry Irwin, Finance; Hutch Moseley, Dancing and Entertainment; Earl Hough, Tickets and every woman member of the club is a deputy sheriff.

FULL PROGRAM for Western Week was outlined at the meeting.

At noon on Thursday, Oct. 28, all horsemen's groups including Los Compadres, Desert Riders, Horsemen's association, and all stables and hotel stables will be asked to join in a parade down Palm Canyon drive.

Kangaroo Court will open Thursday night at 8 p. m. between the Desert Inn garage and the Village Pharmacy.

WESTERN ATTIRE will prevail on all days or else—Spalding said.

Friday night there will be another Kangaroo court and a street dance under direction of Hutch Moseley will be held on the parking lot of the Safeway Store.

In addition to the court and See WESTERN WEEK, Page 10

Airport Hotel Woman Hurt Lease Okayed In Auto Crash

Council Wednesday empowered City Manager William E. Alworth to approve in final form a lease between the Palm Springs Airport Corporation and Mrs. Alice Devery who plans to convert one of the old army air force buildings into a 23 room hotel for aviators who land their planes at the local airfield.

The city will derive a profit of 5 per cent of 10 per cent of the gross business charged by the airport corporation.

Marion Forbach, 583 Calle Encija today is nursing minor injuries sustained when her automobile collided with one driven by Elizabeth W. Culver, 671 Calle Palo Fierro.

The accident occurred Wednesday at 11:30 a. m. at the intersection of Camino Parcela and Calle Palo Fierro. Both automobiles had to be towed away from the scene of the collision.

The PUBLISHER'S Corner

SIGNS OF A CHANGE in the season are always specially welcomed in Palm Springs. It happened this week. The good smell of rain on parched soil. . . . the voices of children on their way to school. . . . tales being told by visitors to far away places. . . . papers being torn from windows. . . . policemen checking traffic. . . . re-opening from summer slumber to frenzied activity. . . . the last few weeks of preparations for busy months ahead. . . . very business-like by day with sounds of music at night that tell of gayer times soon to come. Like a locomotive chugging and puffing to get under way—that's Palm Springs in September.

On street corners, in the stores, at the civic clubs—all over the Village—joyous greetings are exchanged on every hand. There's something refreshing and interesting about this seasonal living in Palm Springs. These are the workers hurrying along the streets now—making plans and preparations to take care of winter residents who will be coming along soon, and the throngs of visitors who will follow. It's an ever changing picture. We're into a new phase before the realization that we've emerged from another. A while occasionally. Maybe it's true with friendships also. Just the greeting back makes them seem more like old friends. And for those who have stuck it out all summer this revival of activity is a refreshing stimulus that makes them quickly forget the quiet summer months. Yet after a strenuous winter and spring, these same people welcome the chance to slacken the pace and take life a little easier. You'll even find those who say they like the summer best of all when dyed-in-the-wool Villagers have the place all to themselves again. . . . when the summer nights are so soft and quiet one can almost hear the twinkle of the stars. . . . when a cold glass of beer and a ham-on-rye makes life seem very much worth while.

Nature doesn't change Palm Springs much from season to season; we miss the transformations from wintry snows. . . . to spring showers. . . . to lush green summers. . . . to brilliant fall colors. It's the people who make the pronounced changes in the seasons. . . . their comings and goings. . . . their moods. . . . their purposes in coming here. This mixed community means many things to many people.

Like a revolving stage, Palm Springs changes scenes quickly—with a whole new cast. The tempo increases and soon the big scene will be on.

Interesting place, isn't it?

Davis Plans to Launch Stables Season Oct. 15

The Stables will, under present plans, swing its doors open for business October 15 under the management of Jim Davis, former governor of Louisiana.

Davis will open the establishment made famous by Trav Rogers and and later by Charley Morrison, if certain legal obstacles contained in the lease of the premises can be settled with Robert Newman of New Orleans, president of The Stables corporation.

IN ESSENCE, that was the announcement of Mitchell Hamillburg, business agent for the ex-governor who is now an actor for Monogram Pictures in Hollywood.

Hamillburg said that a few legal obstacles still exist.

"I'm sure the lease will be signed within a few days," Hamillburg said yesterday. "The Stables will be opened October 15 under present plans."

THE BUSINESS AGENT also said that Davis will have control of The Stables for two years with an option to renew the lease at the end of that time.

"The Governor plans to purchase a home in Palm Springs and take an active part in Village life and civic affairs," continued Hamillburg.

Steve Broidy, president of Monogram Pictures, said that the ex-governor is slated to star in two pictures within the next year but that this would not interfere to any great extent in his operation of The Stables.

"THE GOVERNOR is really planning great things in Palm Springs," Broidy said.

Reports that Davis planned to buy the property were denied.

The former governor first made headlines here when he consented one night a few years

ago to sing his favorite song: "You Are My Sunshine."

The song went out over a national radio hook-up and reached the ears of his constituents in Louisiana. It happened to be raining hard there that night and irate citizens of the soggy parishes started sending telegrams westward:

"There's no sunshine here. Come home and do something about these gumbo roads."

Sheriff's Desert Aerial Posse to Be Formed Oct. 4

Re-organization of the Sheriff's Air Squadron in the Desert area will be completed at a meeting at Indio Oct. 4 it was announced this week.

Richard Land of Indio has been picked as squadron commander and several local fliers are planning to join.

The aerial posse will be at the disposal of Sheriff Carl Rayburn for any emergency requiring aerial observation and aid.

Valley Planners To Meet Sept. 22

Palm Springs city and chamber of commerce officials were planning to attend a meeting of the Coachella Valley Advisory committee at Coachella next Wednesday evening.

The session will be held at Club 99 with the Coachella chamber of commerce as host.

A Spanish dinner will be served and Secretary M. C. McDonald expects 150 to be present.

County supervisors, Sheriff Carl Rayburn, Dr. R. S. Westphal, county health officer, and other county officials have been invited.

Publicity Shots for Fifth Annual Western Week Posed by Los Compadres

Members of Los Compadres club posed for pictures last night.

They gathered at the Mashie Golf course in their gayest western regalia and with their prize steeds to pose for the cameras and dodge used flash bulbs.

The occasion was in preparation for fifth annual Western Week which starts Oct. 28, complete details of which may be found on Page One today.

Wall Spalding of Spalding's Shop, publicity chairman for the

Phil Boyd Will Head Southland GOP Campaign

Assemblyman Philip L. Boyd, long prominent in civic affairs in Palm Springs and first mayor of the Village, has been appointed vice-chairman of the southern California Dewey-Warren campaign.

Boyd is a close friend of Governor Earl Warren.

Bernard Brennan, southern California campaign chairman, has advised Boyd that he will be responsible for the direction of the campaign in all of southern California aside from Los Angeles and San Diego counties.

HIS TEN-COUNTY area includes Imperial, Kern, Kings, Orange, Riverside, San Bernardino, San Luis Obispo, Santa Barbara, Tulare and Ventura counties.

Boyd plans to set up a southern California Rural Counties committee, with committeemen responsible for the campaign effort among veterans, young Republicans and Republican women's organizations.

During the campaign Boyd plans to confer with campaign leaders in all of the counties under his jurisdiction.

TOMORROW Boyd and Mrs. Stella Younglove of Riverside will attend a meeting of the executive committee of the republican state central committee in Santa Barbara. They are Riverside county's only representatives on the committee.

Boyd indicated yesterday that he expects the county central committee to select a county Dewey-Warren campaign chairman in the near future.

Boyd has served Riverside county for two terms as assemblyman at Sacramento but declined to run for re-election this year. He will be succeeded by John B. Baggage of Riverside.

Five Face Court For Robbery of Section Crews

Five men, four of them from Palm Springs, accused of participating in the hold up of Southern Pacific trackworkers at Edom this summer, went on trial in superior court this week.

Four of the men are accused of armed robbery and the fifth of acting as their look-out man.

They were arrested by Palm Springs police after word came of the robbery from the Indio sheriff's sub-station. A road block was set up on Ramon road watching for a red car in which the men were riding. But they had had time to reach here before the warning came and the block failed.

Local police, however, followed a tip on the red car and found it parked at an East Arenas Road house. They arrested Johnnie Lewis, 33; Johnnie M. Harris, 28; Oscar Harrison, 24 and Andrew Smith, 19, all Palm Springs negroes. R. L. Hopkins of Edom, also a negro, was arrested by county officers later.

Some of the money taken from the trackworkers was found on one man and a gun was found under a mattress.

Sheriff's deputies said the men were suspected of a series of hold-ups of section workers in which sums ranging from \$13 to \$170 were taken.

One License of Three Protested

No protest was made by city council in the application of two hotels for on-sale liquor licenses but a protest was lodged against the application of the Wagon Wheel in its application for a general on-sale license.

The two hotels were the Rossmore Hotel and the Lone Palm.

Birth Notice

Born to Mr. and Mrs. Jerry B. Landfield, a daughter, Judith Ann, August 29, 1948.

Mr. Landfield is the son of Mr. and Mrs. Edwin A. Landfield of Palm Springs. He and his wife are both recent graduates of U. C. L. A.

DO YOU OPERATE UNDER A

FICTITIOUS FIRM NAME

?

If so, have you complied with the requirements of Section 2466 of the Civil Code, which says: "Every person and every partnership transacting business—under a fictitious firm name—must file a certificate stating the name in full and the place of residence of such person and the members of such partnership—such certificate must be published once a week for four consecutive weeks."

If you have neglected this procedure, do you realize that the name of your firm is not protected and that you are not entitled to maintain suits for collection, or other purposes, in the courts of the State of California?

Take care of this important matter NOW by having The Desert Sun publish the certificate. Come into the office—it takes only a few minutes to have the form filled out, and we will have the document filed for you. The cost is small, but the filing and publication is something which should not be overlooked.

New Season Set in Motion At JCC Rally

President Backstrom Presides at First General Meeting

First general attendance meeting of the fall season for Palm Springs Junior Chamber of Commerce was held Monday night at Legion hall.

President Dr. Robert Backstrom presided and heads of several committees reported on plans and work laid out for the new season. Biggest thing on the agenda is Charter Night, October 16. On that night the Palm Springs organization will be presented with its charter. A banquet, dance, lodging in one of Palm Springs' leading hotels and a breakfast swim are planned for district, state and national representatives.

Plans are underway for painting an air marker on the roof of one of the airport buildings. Palm Springs is on Airway No. 1, and an air marker will mark the city on that airway. This information will be printed on aeronautical maps. Actual painting will be done by Jaycee members. Resignation of Donald Artz as Junior Chamber of Commerce state director was received and Bill Talbot was elected to replace him. Talbot will represent the local organization at district, state and national meetings. Regular meetings will be the second and fourth Monday nights of each month at Legion hall.

Desert Area Plays Part In Ainsworth's New Book

Coachella Valley, Palm Springs and Riverside county, in general come in for many laudatory comments in Ed Ainsworth's latest book, "California Jubilee." Ainsworth, for 25 years on the staff of the Los Angeles Times and one of the paper's famed county editors, has included many Riverside county residents and localities in the whimsical descriptions which are liberally sprinkled throughout the book.

OFFICIAL PUBLICATION date for "California Jubilee" was Admission Day, and the contents are well planned to coincide with California's centennial years. Written in an informal vein, "California Jubilee" reaffirms Ainsworth's long-admitted allegiance to the state. As the Times' state editor, city editor, editorial page editor, columnist and feature writer, Ainsworth, a transplanted Texan, has explored every corner of California seeking the odd, unusual and newsworthy.

HE DESCRIBES it all in the new volume. Coachella Valley comes in for a major share of anecdote and Ainsworth also pays tribute to Hemet's Ramona Bowl and traditional pageant. The book was officially introduced this week at the South Pasadena public library at a reception by Murray and Gee, Inc., Ainsworth's publishers. The newspaperman is also the author of "Eagles Fly West," a historical novel, and other books.

Mary Barrett Returns

Mary Barrett of Facial Re-Youth has returned to the Village for the season. She has been busy during the summer at her Idyllwild studio.

AUTHOR—Ed Ainsworth, for many years on the Los Angeles Times' editorial staff, who has written a new book, "California Jubilee" which prominently mentions Coachella Valley and the Palm Springs area.

Logging Control Measure Asked

Another zoning measure to protect a recreational and health resort from encroachment of industry is before county supervisors today with indications of favorable action. County planning commissions and board members are said to be in favor of a zone act which would ban wholesale logging operations in the San Jacinto mountains.

The measure was asked Tuesday by a delegation from Idyllwild who sought an ordinance with "enough teeth" in it to control logging operations in the mountain playground. Action on the Idyllwild measure was postponed until today when supervisors meet again to consider a basic county zoning law.

Lou Britton of the Idyllwild chamber of commerce told the board that loggers are taking advantage of the high price of lumber to cut down all of the trees on several pieces of private property. U. S. Forest Ranger Bauer said uncontrolled logging is a menace to the Idyllwild area.

Red Cross Will Adopt New Aid Policy for Vets

Discontinuance of financial aid to war veterans, except those with original claims pending for service connected disabilities, is among changes announced by the Riverside county Red Cross chapter's home service department, according to word received by Hilton McCabe, local branch chairman.

This change and other decisions altering the chapter's financial policy was made to make it possible for the home service department to fulfill obligations to disabled veterans and their dependents, dependents of deceased servicemen or veterans pending receipt of government benefits, men in active service and their dependents, and also to meet new demands due to the 1948 draft law.

FINANCIAL AID to veterans pending receipt of subsistence while attending school has also been discontinued.

Mrs. Ethel R. Peake, Palm Springs home service chairman, said that the department will continue to offer all other Red Cross welfare services to these and other groups.

Services to veterans include information regarding assistance in obtaining government benefits such as disability claims, subsistence allowances, term-

Annual Drive Against Fire Hazards Is On

Any rubbish accumulating as wrappings or taken off new goods, furniture, display cases or windows?

Get 'em away and eliminate the fire hazard or Warren Heath, fire marshal in charge of fire prevention and fire protection for the local department, will be liked.

Carrying out Fire Chief Bill Leonese's theory that a little fire prevention can save a lot of money and grief, Heath is making the rounds of the Village this month as the new season gets under way.

All new buildings, all remodelled buildings and all places which just were closed for the summer are being closely inspected. Those that were open all summer have been subjected to regular inspection.

Heath said that, on the whole, conditions were good but that the vast amount of repairs and remodeling and the large number of new buildings in occupancy for the first time, make the inspection task a full time job at this time of the year.

FOR SERVICE personnel services include verification of need for emergency leave, social his-

Amvets Launch New Season at Gay Dinner Party

American Veterans of World War II held their opening meeting of the new season Monday evening at the Palm House, when they held a combined dinner dance together with their first stated regular meeting of the fall. Celebrating the evening were AMVETS and their wives and sweethearts. Monday night's famous fare at the Palm House, "Spare Ribs . . . and . . . were enjoyed by the group of more than fifty.

Following a brief business meeting, the group listened attentively to a short talk by Herman Reich, a captain in the Navy Reserve, and Annapolis graduate, who recounted tales of the Pacific War, together with a swift brush on the current international situation as concerned veterans and their status at this time.

tories for military medical authorities, health and welfare reports and assistance in obtaining authorized government benefits.

Emergency domestic and overseas communications and inquiries for missing persons are services available to everyone.

The protein and mineral content of fishery foods is the equal of meat.

A modernized printing and publication service

The Desert Sun of Palm Springs and The Desert Magazine of Palm Desert are pleased to announce that arrangements whereby all commercial printing formerly handled by The Desert Sun will be serviced hereafter by the Desert Magazine Press, with offices in the new Desert Sun building in "The Center."

All job printing and bindery work will be done in the Desert Magazine's well-equipped establishment which has been opened recently at Palm Desert. The new shop can handle a complete range of letterpress printing, from business cards to intricate office forms and brochures in color.

The Desert Sun's new mechanical department will be devoted exclusively to its newspaper and other regular publication work. Thus the two newest printing plants in Coachella Valley are at the service of the people of this area with a newer and wider variety of printing facilities.

For prompt service, or estimates, phone The Desert Sun (2249) and ask for Mr. Carl Barrett, who will be the Palm Springs representative of the Desert Magazine Press, with an office at The Desert Sun.

For regular publication work, ask for Mr. Jaynes, publisher of The Desert Sun.

St. Paul's Will Open for New Season Sunday

Regular services will be resumed this Sunday at St. Paul's in the Desert Episcopal church, the Rev. Robert M. Hogarth, rector, announced today.
Rev. Hogarth returned yesterday for the first service of the new season but will be away again from Monday to Thursday to attend the annual Clergy conference at Carlsbad Inn.
Both morning services at 8 and 11 o'clock will be held but Sunday School will not be started until the following Sunday, Sept. 26.
Rev. Hogarth attended a dinner Wednesday at Faber's Fairview Manor, Los Angeles, to welcome home the Rt. Rev. Francis Eric Bloy, Bishop of Los Angeles, from the Lambeth conference in London, England.
Accompanying Rev. Hogarth to attend the affair were Edwin F. Leigh, Dr. Frank W. Sawyer and Raymond R. Wilson.

Services Start At Community Church Sunday

Cathedral City Community church will start its fall program this coming Sunday, Sept. 19, with the Sunday school at 9:45 a. m. and the worship hour at 11 a. m.
The pastor, Rev. Wartes, suggests that all three years old and above, along with their parents be present for Sunday School or church this first Sunday.
Beside the memory work contest that was started last year in the Sunday School there will be added an attendance contest. A nursery is provided in the afternoon during the worship hour.

Cathedral City Catholic Church Re-Opens Sunday

Services will be resumed next Sunday, Sept. 19, at the Catholic church, Glenn at B streets, in Cathedral City.
There will be Mass at 8 a. m.
The Rev. Joseph L. Leissler returned to the desert this week after a brief vacation.

Young People's Group Planned

It is the hope and the plan of Rev. Jack Wartes of Cathedral City Community Church to organize a Young People's Club for the youth of that village and vicinity.
Such a group will be primarily for Junior high and high school students and would possibly meet each week on Fridays or Saturdays. Its main purpose will be to give the young people some planned and supervised entertainment and keep them busy in a constructive way.
There is also the plan to organize junior and senior Christian Endeavors or like organizations to meet on Sunday evenings.
The possibility and time of organizing this youth work will depend large upon the cooperation and interest Mr. Wartes receives from the young people and their parents during the next few weeks.

VICTORIA SCHERK—Phone 1592

Mr. and Mrs. Willard Price returned from their summer in Santa Barbara on Tuesday of last week. In spite of the fact that they worked very hard finishing the last details on Mr. Price's forthcoming book, they found time for some entertainment, too. Barnum and Bailey's circus came to Santa Barbara and also Judith Anderson in her road show "Medea" and the Price's took in both.

They also enjoyed the weekly plays given by an excellent stock company which made Santa Barbara headquarters for the summer. When the "Portola Trek" arrived in Santa Barbara that was the occasion for some very colorful ceremonies at the Mission and the court house. Villagers who wish a preview of Mr. Price's book on their trip through Latin America will find chapters from it in the fall issues of Reader Digest, P. C. Tomorrow, Travel, United Nations, World, New York Times and other national magazines and newspapers. The book "Roving South" via Grande to Patagonia will be published in November.

There has recently been created in Cathedral City, a new modern trailer park, by the name of "Sky Ridge Park" located at the end of "H" and Van Fleet sts., near the foot hills.

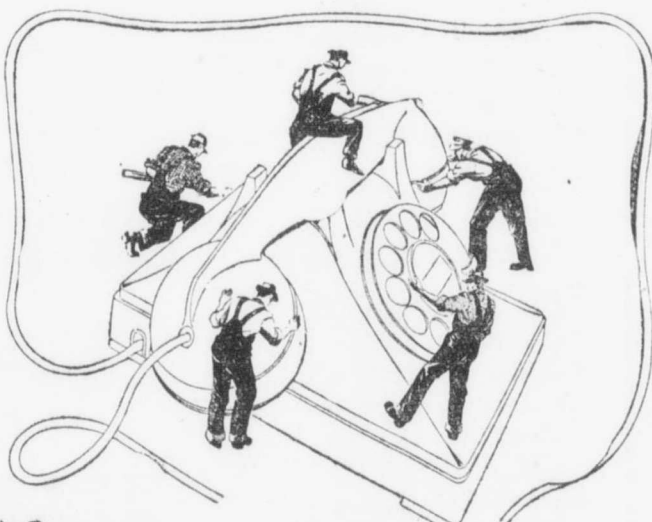

With the financial aid of Mrs. Ruby Weaver, owner and her son, Harvey Gerth, manager, they have truly endeavored to give trailerists what they have been looking for these many years. With assistance of Richard Crossman and Harvey Gerth,

who has lived in a trailer for some time and have been conscious of the lack of beauty and proper facilities in the average and more than average trailer parks of today.
Their land was unimproved desert and it is truly gratifying to see what they have accomplished. The park has been attractively landscaped and yet retains the beauty of our beloved desert. The washrooms are adequate, clean and most colorful. The lots are large. Climate situation ideal. The view of Mount San Jacinto and San Geronimo as well as the broad desert, superb. Truly an ideal spot for trailerists interested in better way of life. Sites are now available and inspection is invited by the public.
The friends of "Dack" and Ruth Camberlain will be sorry to hear that they have purchased a home in Van Nuys and won't be the familiar figures among us as they were for the past two years.

Word from the Milt Busby family reports they will leave Lake Tahoe this week for a few days visit in Sacramento and home at the De Luxe Trailer park around the 22nd.

Mr. and Mrs. Robert DuVall returned home from Penn. after spending the summer with relatives. Mr. DuVall's father, who has visited here in the desert, is very ill in the hospital, also Mrs. DuVall's mother is ill.

The friends of Mrs. Russell (Gwen) Smedley, who is in the hospital with pneumonia, will be happy to know she is improving.

Minute Men...of... MAINTENANCE

ALL day long the Minute Men of Maintenance are on the watch to see that the mystic maze of modern telephone mechanics is in perfect running order.

During the past few years there have been many developments in the techniques of telephony designed to provide faster and better service. Equipment has become more delicate and complicated but in spite of the new complexities of modern apparatus you seldom have to report your telephone "out of order." The Minute Men of Maintenance keep things going smoothly—day in and day out.

California Water & Telephone Company

Rev. Blackstone Occupies Pulpit Sunday Morning

Rev. and Mrs. James H. Blackstone Jr., with their children, returned this week from Forest Home where they spent the summer months. Mr. Blackstone will be in the pulpit both at the morning and evening services this Sunday. The services at the Community Church were continued throughout the summer under the leadership of Mrs. George French who secured many fine pulpit supplies.
Sunday School will meet at 9:45 a. m. with regular classes and departments organized. Mrs. W. H. Veith, general superintendent, will be in charge of the opening worship service. Mrs. Ross Blemling and Mrs. James H. Blackstone Jr. will superintend the Beginner's and Primary departments respectively. A portion of the new building will be in use Sunday to relieve the crowded conditions under which the Sunday School functioned last season. Robert Mitchell has been secured to serve the church as director of Christian education and director of music.
At the morning worship service at 11:00 o'clock, Rev. James H. Blackstone Jr. will preach on the subject, "Living Deeply." The young people will hold

proving.
Harry Greenfield who sold his home on Grove St., is now living in Palm Springs.
The Kring family, who have been winter residents of the De Luxe Trailer Park, for the past two years, and spent the summer assisting "Dack" Chamberlain operate the Showboat at Bass Lake, Calif., is again at their same "spot" in the park, also a number of other trailerists.
Mrs. Fred McNearney of Sun Air has been in the hospital.

September Building Off To Slow Start, Majority Of Permits for New Homes

September building has been slack so far according to P. W. Swart, head of the city building department with 18 permits valued at \$135,000 issued up to Tuesday evening.

All of the permits were for new dwellings or alterations with no big apartments included.

Total for the year last year at the end of September was \$4,054,990.

"If we are to maintain our lead over last year we will have to do a lot of building the remainder of the month," Swart said.

September, 1947, saw \$562,000 in new building here.

On Sept. 1, this year, total for 1948 to date was \$3,840,347. On

the corresponding day in 1947, the total was \$3,482,900.

Villager Fined In State Case

Tommie Strong of Palm Springs was fined \$50, \$25 of which was suspended, in Judge L. A. Pauley's court at Indio Monday on charges filed by M. F. Hughes, manager of the Indio branch of the Unemployment service.

Strong was accused of collecting unemployment insurance while at work.

Hughes said the state would move to collect the amount which it charges he was overpaid in unemployment benefits.

Better Housing Goal of Realtors Says Nat'l Head

"Realtors have a professional and patriotic interest in better housing for Americans and will continue to strive toward that goal," Hobart C. Brady of Wichita, Kan., president of the National Association of Real Estate Boards, said in the current issue of Headlines, weekly news letter of NAREB.

"The home not only provides physical shelter for the family, it is the historic political refuge of a free people," he said.

"REALTORS," he added, "believe better housing can be achieved only in improving the processes of manufacture, better neighborhood planning, eliminating wasteful building restrictions and craft practices, lowering the cost of financing and raising the purchasing power of the people by lowering the costs of government and the burden of some payroll tax deductions which such costs make necessary."

"Realtors have in the past and expect in the future to continue their active support of all practical efforts aimed at these objectives. Only as these objectives are achieved toward better housing for our people."

REGARDING public housing, he said: "Public housing produces houses no quicker, better or cheaper than existing processes which have made us the best-housed nation in the world."

Library Now Operating On Winter Hours

Welwood Murray Memorial library is now on winter hours, Dorothy Bear, librarian, said this week.

The library is open from 10 a. m. to 9 p. m. Mondays through Fridays and from 10 a. m. to 5 p. m. on Saturdays. Children's room of the library is open from 2 p. m. to 5 p. m. Mondays through Fridays and from 10 a. m. to 5 p. m. on Saturdays. Martha Lou Manson is in charge of the Children's library.

Wee Weekly Suspends Until Next Summer

The "Wee Willagers' Weekly," which bears the reservation "only it will be published every other week," made its last appearance last week for the summer. It will be resumed at the start of next summer "at reduced rates" according to Sandra Brott, editor.

The bi-monthly weekly is published by the youngsters every summer and Editor Brott is assisted by Sue Cooper as assistant editor and reporter, Laney Cooper as treasurer, Buzz Brott as advertising man and sports editor. The treasurer reported the publication had an "excellent summer."

INSTITUTE GROWS

The National Institute of Real Estate Brokers has recorded 21 new members in 10 States recently, it was announced.

Half Million New Homes in Nation By End of July

The half-millionth new home of 1948 was begun in July, the National Association of Home Builders reports. More than 543,000 houses were started during the first seven months of the year, according to Bureau of Labor Statistics data.

This rapid rate, the association says, is 23% ahead of 1947's fast pace. Calculated on a 40-hour work week, this means new homes are being turned out faster than 550 per hour—more than nine new family dwellings a minute.

Production has remained well above the 90,000-a-month mark for the past four months despite a period of uncertainty in the financing field following the withdrawal of FHA Title VI provisions, March 31. The housing law recently passed by Congress should ease this situation somewhat, the home builders say.

Obsolete dwellings now are being replaced by comfortable, modern homes 750% faster than before the war, according to the association report.

Sharp Gains Reported in Forest Fires

A sharp increase in forest fires during 1947, shown by the final compilation of statistics recently released by the U. S. Forest Service, is serving to intensify the 1948 forest fire prevention campaign now under way.

This is reported by the National Lumber Manufacturers Association.

During 1947 there were 200,799 forest fires as compared with 172,278 the previous year. The total area burned was 23,225,932 acres as compared to 20,691,393 acres and the amount of damage to timber and improvements and property was \$53,207,646 as against \$32,694,113 in 1946.

Mortgage Debt In Sharp Gain, Bankers Report

Total mortgage debt of the United States registered a sharp rise last year, increasing from \$34,720,784,595 in 1946 to \$44,069,054,006 on Dec. 31, 1947, a gain of nearly 27%. This is according to the newly reported annual survey made by the Mortgage Bankers Association of America.

FAIR GREETER—Pretty Signe Culbertson dons her farmerette costume to welcome Southland visitors to Farmers Fair & Date Festival, scheduled for Oct. 6-10, inclusive, at the fairgrounds, Hemet, Calif. Colorful agricultural displays and top-ranking entertainment along old-fashioned country fair lines will be presented at the event, sponsored by California's 46th District Agricultural Association. Seven new buildings for the 1948 Farmers Fair & Festival are now being rushed to completion on the 30-acre Hemet fairgrounds.

Home Loan Activity Booming

Money channeled into new home construction for the first half of 1948 by the nation's savings and loan association set an all-time record.

The United States Savings and Loan League reports that the average loan was for \$4500. This is considered indicative of the prevalence of low priced home construction.

The League has been urging its members to concentrate on such low-priced housing during 1948.

It reports that 115,000 mortgage loans, totaling \$24,000,000 were made between January 1 and June 30 for new homes.

This represented a gain of 40 per cent over the 82,000 new units financed by member associations and banks during the first half of 1947.

On the other hand, the number of loans made for financing existing dwellings continued to run below last year.

The greater-than-ever emphasis on new construction trimmed available funds for existing homes.

side to be used as a county road department yard was adopted by the board of supervisors Monday.

This followed receipt of a communication from the city of Riverside's board of public utilities that it would sell the property for \$700 per acre, with water rights reserved.

A REAL HONEST VALUE

Three deluxe rentals plus a 2-bedroom, 2-bath owner's suite. All new and beautifully furnished. Landscaped, walled, desirable. \$44,500. Only \$25,000 down.

ON THE MARKET FOR THE FIRST TIME

A choice, dude ranch, trailer park or ranch site. New well—385 gal. per minute. Over 850 ft. of concrete irrigation pipe and stands. 660 ft. of paved highway. About 3 miles from Wonder Palm Springs Hotel, 15 miles from Rancho Mirage.

Villager's Son to
Wed New York Girl

Announcement was made recently in the New York Times of the engagement of Miss Mary

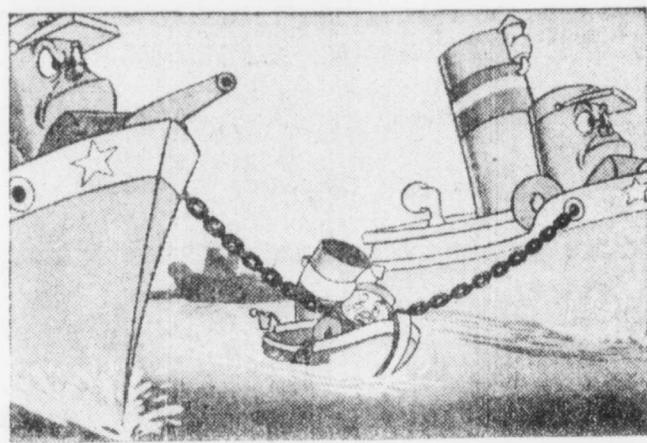

Elizabeth Harper of Bronxville, New York to Robert Douglas Conkright, son of Arthur Bliss Conkright of Palm Springs.

The Villager's son, a graduate of Suffield, Conn., Academy, attended Bowdoin College and is a former ensign, having served for three and a half years with the navy, most of that time in the Pacific area.

School Staff Entertained at Merry Social

Approximately 125 teachers, members of the board of trustees, secretaries and their families were entertained at a "get acquainted" social at the Deep Well guest ranch on Monday evening with swimming and other types of recreation in the afternoon. Following the picnic supper, entertainment was presented by faculty members from the various schools. Dr. F. A. Purcell and "Pop" Bell were adjudged the best individual actors. Alexander Hammond led the group in group singing and the men's chorus made up of Dr. F. A. Purcell, Alexander Hammond, Henry Greeley, Harvin Allen, Frank Donlin, Jr., Ralph Remy, Joseph Kanya, Scott Thompson, Seamus Nunan, F. Weyland Reynolds, R. B. Larsen, and Ernest W. Emery presented two musical numbers.

The committee in charge of the social and program was headed by Henry Greeley. He was assisted by Miss Katherine Finchy, Mr. and Mrs. E. W. Emery, Alexander Hammond, George Manington, Mrs. Eileen Carey, Mrs. Jessie Coleman, manager of the Frances Stevens cafeteria, was in charge of the refreshments.

MUST SEE THIS—"Little Toot" gets into big trouble in this scene from Walt Disney's new Technicolor musical, "Melody Time" an RKO release which will be shown at the Palm Springs Village theater Sunday and Monday.

Doing The Village

With MOYA HENDERSON

We sing a farewell to summer as the portals of school swing open this week and youngsters put aside their carefree vacation days and take up another year of reading and writing and arithmetic.

Bob and Mary Ellsworth hurried back from San Francisco early last week, where they were busy attending the state American Legion convention, in order to get daughter Marilyn packed for college. She left Friday, from Los Angeles aboard a special train carrying seventy southland girls back to Stephens College in Columbus, Missouri. And across the same town Sally Robinson will be entering Christian College for her second and last year.

Also departing from the union station last week, with destination Dallas, Texas, was Coni Tilghman who will enter Southern Methodist as a freshman. Mount Saint Marys, in the hills above Los Angeles, will add the name of Shirley Renville to their rolls this fall. Sister Phyllis, Erica Orth and Susan Blatz will return as sophomores to the same institution. Pomona College will reclaim Sally Lockett, who enters her senior year and Carol Burkett as a junior. Don Williams returns to Redlands for a second year and John Klug was on hand to register at USC Monday morning.

CONGRATULATIONS to Pat and Harry Reid who became the parents of a baby boy last Tuesday at St. Johns Hospital in Santa Monica. The youngster will be christened Henry Squire Reid, III, and will return to make his home in Palm Springs with Mom and Pop around the first of October. Mrs. Henry Reid was on hand to greet her first grandchild but will return to Estes

Park for Dr. Reid before coming back to the Village. Mr. and Mrs. Mike Flavin were also fairly bursting their buttons with pride as they told friends last week about their first grandchild, young Allen Michael Adolph, son of Gloria and Al Adolph of West Los Angeles.

The Los Compadres held their initial meeting of the season last Thursday night at their Araby Club house. Plans were formulated for another great Western Week and for completion of the club house in the near future. Following the meeting George Strebe lured many of the members up to the Doll House to cool off with a little refreshment.

ALTHOUGH officially not moved as yet and although their furniture has not arrived from Los Angeles, nothing daunted Russ and Jane Wade went ahead and had their first barbecue in their Tahquitz River Estates home. New neighbors, Dottie and Jack Gorham plus Diane Johnson and Johnny Seaman made up the party. Also joining the neighborhood this week are Joan and Walter Manus.

Before settling down to more serious matters, the faculty, administration and school board members of the Desert School District held a gay get together at Deep Well Monday afternoon and evening. Swimming, dining and dancing were enjoyed by the staff and their families. This is the first meeting of all the schools' personnel since the district was unified and gave everyone an excellent opportunity to get acquainted with their co-workers.

Marriage of Well Known Villagers Told

Friends here this week received word of the marriage Aug. 14 of Cecile Winifred Gilman and A. B. Crist, well known Palm Springs and Hollywood builder.

The announcement was made by Mrs. A. G. Fisher, Mrs. Crist's mother.

Mrs. Crist, the former Mrs. Gilman, is a member of one of California's oldest families. She is the widow of the late Forrest Gilman, founder of Gilman's Hot Springs who died in the spring of 1947.

Mr. Crist, active in construction circles here and in and around Los Angeles since 1913, and his bride have been friends for many years. Last season she managed the Sun Tan lodge here.

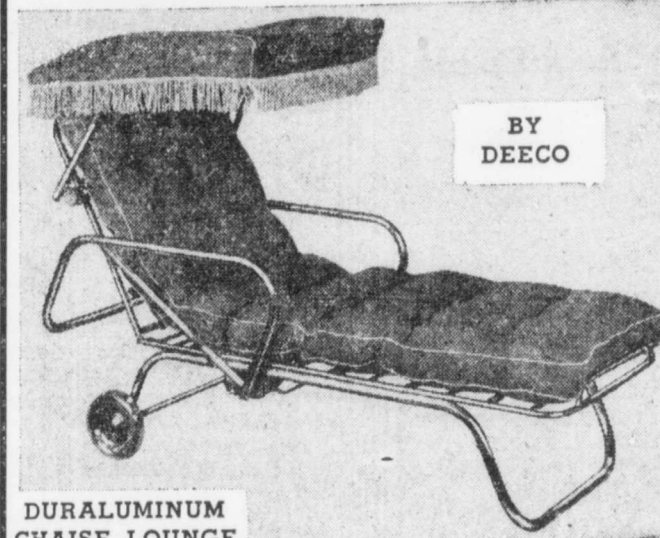

Following a honeymoon tour of the nation they returned to the southland and plan to divide their time between a home here, where they both own property and Los Angeles where they plan to build.

Mr. Blandings' dream house might seem strange if it were built without any bedrooms, a kitchen or a yard. But the National Safety Council says it would be a lot safer. Nearly 50 per cent of home accident fatalities occur in those three locations, according to special studies.

Church Auxiliary to Meet Thursday

First meeting of the season of the Ladies' Auxiliary of Cathedral City Community church will be held next Thursday, it was announced today. The meeting will be held from 9 to 11 a. m. at the home of Miss Lydia Engh.

Library Patio Gay Scene as Club Ride Ends

With ice-cream and lollipops, members of the "Try the Trail" summer reading club celebrated the end of summer in the patio of the Wellwood Murray Memorial Library last Monday afternoon. Marthe Lou Manson, Children's librarian, was host.

The party was given for the boys and girls who joined the club and moved their paper horses up the trail by reading books and reporting on them. Prizes were awarded to the ones who reached the top of the trail. Jerry Briody, Guy Richardson, Sandra Marshall, Richard Pell, Juanita Griffen, Letty Kenyon, Leslie Pratt, and Stephen Rutgers successfully guided their horses to the top of San Jacinto Mt., which means each read 40 books during the summer.

Story-telling and a quiz show entertained the boys and girls. Cookies made by Judith Cravy, and ice-cream were served. Afterwards, "Try the Trail-ers" went home, resolved to advance even farther up the trail next summer.

Villagers Tour U. S. Between Long Beaches

Mrs. Frank Partridge Jr., and son, Jimmy, got back last week from a 7,500 mile automobile tour that took them from Long Beach to Long Beach and return.

They left from Long Beach, Calif., where Mrs. Partridge had been spending the summer and journeyed by the southern route to Long Beach, Long Island.

They came back by the northern route.

At New Orleans, on the way east, they celebrated Jimmy's birthday with dinner at Antoinette.

Jimmy Partridge has enrolled at Chaffey Junior College in Ontario and is now attending classes there.

Don't walk in a daze—Look both ways.

Swart Family Returns From Automobile Trip

Mr. and Mrs. P. M. Swart returned to the Village this week after a motor trip that covered the northwestern section of the nation and extended into Canada.

Swart returned to his desk at the city building office Wednesday morning.

They went up the coast into Oregon, visited Crater Lake, then to the Oregon coast into Portland and on around until they hit Spokane. There they ran into the George Minturns of Palm Springs.

Minturn, city engineer, is now on his vacation in the northwest. Returning the Swarts visited Yellowstone, Glacier National Park and came down through Calt Lake City.

Rancho Park's Bachelor No More Bachelor

Joe Fuller, known as "the bachelor of Rancho Trailer Park" is neither a bachelor today or at Rancho park.

He's a married man and back in Alba, Mo., the center of the Missouri Mule district.

Fuller and Clara Darling slipped away to Yuma, Ariz., the other day to exchange marriage vows. They returned here to tell their friends about it and then took off for Missouri and the farm.

Intoxicants To Juveniles Aired Today

Accused Enters Full Denial to Charges He Sold to Minors

Hearing of charges against Don Spangler that minors purchased alcoholic beverages at his place was scheduled today before Judge E. E. Theriault in city court.

The charges were drawn by City Attorney Roy Colegate after police investigated a beer party by juveniles. Details of the party came to light during a routine investigation into the death of a Village youth in a motorcycle accident.

Spangler denies the charges in toto and has retained Attorney Hilton McCabe to handle his case. He declares that if any beverage from his place figured in the party it was purchased by adults and given to the youths.

Dave Cantrell, also accused in the case, was fined \$250 a week ago. Judge Theriault suspended \$200 of the fine and placed Cantrell on probation.

Paint in the can should be stirred, not shaken; shaking is apt to result in minute air bubbles which may cause pin prick blisters on the finished job.

Congressman's Aid Promised For Salton Park

Aid of Congressman John Phillips in untangling the red tape which threatens establishment of a state park at Salton Sea has been asked by board of supervisors following word that federal legislation may be necessary to acquire the land.

Letter from the federal bureau of reclamation declaring that the land needed could not be transferred to the county and state by the government without an act of Congress was referred to the congressman this week.

PROPERTY INVOLVED lies along the eastern beach between Mortina and Salton. It's use as a county and state recreational area has long been sought by Coachella Valley Sports League and others in that area.

Congressman Phillips, now in the west after a long session in Washington, has indicated he is willing to confer with representatives of the Sports League and county authorities on the matter.

THE CONGRESSMAN said he would be in Indio late this month and at that time will discuss the proposed legislation.

The state park commission has expressed its interest and support of the proposition to establish the park and name it the General George Patton Memorial park in honor of the late war hero who trained thousands of troops in that area.

C. A. Bissell, acting regional director for the reclamation bureau in Boulder City, also favors the project but informed supervisors that under the laws, the land could not be transferred without special legislation.

It is this legislation which Phillips will be asked to aid.

Report Shows Busy Summer At Teen Target

Director L. B. Jackson of the Youth Center, revealed in his report for the summer months that attendance at the Teen Target on Bellardo road, had set new records with an attendance mark of 6,273 for the period from May 1 to the closure last Saturday.

Of this number 4944 were boys and girls and 1329 were from other organizations using the facilities of the Target.

May was the biggest month, according to the report, with June right behind it. In July the attendance kept up but in August there was a slight drop.

The Teen-Target is closed until October to allow the members to get busy with their school work.

Jackson's report included activities at the Target and a trip to the Teen-Age conference at Oceanside made possible by nomination of transportation by Mrs. Polly Isenack of Tanner's Motor Livery.

Prizes for the Table Tennis tourney won by Joe Cervantes with Charles Bond second, were donated by the Palm Springs Department and Hardware store, Whelan Drug, LaRue's Firestone store, Palm Springs 5 and 10, Tailored Lady, Maloffs, P. S. Village theater, Desert Camera Shop, Palm Springs Sporting Goods. John Archibald donated the display case for the prizes.

Mrs. Harold Hicks is head of the Youth Center committee and

Legion Auxiliary To Stage Forum On Propositions

To inform Village voters about the 19 propositions which they will have to decide at the November 2 election, American Legion Auxiliary of Palm Springs is arranging a meeting at which informed speakers will explain the issues on a non-political basis. It was announced by Mrs. J. Morrison, president. The meeting has been set for Oct. 10 on the Veterans' Hall and will be open to the public without charge. Plans call for three speakers who will be followed by a discussion period.

Arrangements for the meeting are being made by the legislative committee of the Auxiliary, Mrs. Morrison said.

Dr. LaDage Joins Staff at Desert Clinic

Dr. Leo H. LaDage, formerly of Davenport, Iowa, will be associated with the Desert Clinic of Palm Springs as a specialist in surgery and plastic reparative work, he announced during five work, he announced during his plastic surgery, during the war as a major in the army medical service. He returned to England in the winter of 1947 to work under Sir Harold Gilles, noted British surgeon, and Prof. T. P. Kilner of Oxford. Since his return he has practiced in Davenport.

Dr. and Mrs. LaDage have purchased a home here at 1508 El Alameda, where they will reside with their 11-year-old son, Dan. A daughter, Barbara, has recently returned to Northwestern University where she is a student.

Others associated is the Desert Clinic at 766 N. Palm Canyon Drive are Dr. H. M. F. Behneman, Dr. Clarence H. Woodman, Dr. Claude Church, Dr. Behneman has resumed practice after an illness of several months.

Jackson's report was made public by Chief of Police A. G. Kettmann, member of the Center board.

In the government controlled fur-seal killing on the Pribilof islands, Alaska, only three-year-old males are slaughtered, all of whom are surplus bachelors.

Acute irradiation injury, such as accompanied the atomic bombing of Japanese cities, affects old and young alike; it is not a simple disease, for it may affect all organs and tissues of the body.

Be glad you are not a centipede, the National Safety Council says that occupational accidents alone cause approximately 250,000 finger injuries and 60,000 toe injuries each year—usually the result of handling materials and falling objects. About 9 per cent of such injuries are of a permanent nature.

SWEET POTATOES, CALIFORNIA

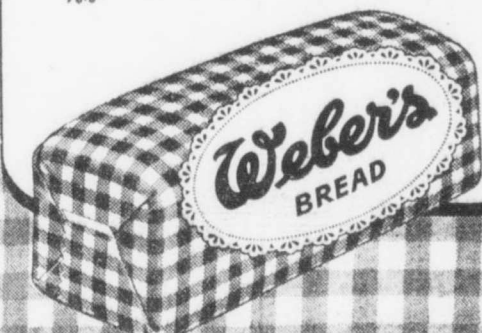

4 medium-sized sweet potatoes
3 Tbsp. butter or margarine
1/2 tsp. salt
3/4 c. chopped orange sections and juice
1/4 c. chopped pecans

Boil sweet potatoes in jackets until tender. Peel and mash with butter, salt and orange. Beat mixture until smooth and fluffy, add nuts. Bake in buttered casserole for 15 minutes in hot oven (450°).

GOING...GOING...GONE

THOSE FRESH, tasty, extra-rich slices of Weber's Bread disappear like magic—so be sure you always have a supply on hand. It's the good bread in the gay blue and white checked gingham wrapper—Weber's Bread!

76-8

It's not because of inflation . . . but

The Desert Sun

announces an increase in
Subscription rates to

\$6.00

A YEAR

(\$4.00 FOR 6 MONTHS)

EFFECTIVE OCT. 1, 1948

THE REASON for the increase is the belief that readers want a complete news report of Palm Springs twice-a-week throughout the year. To maintain this schedule, regardless of advertising income which falls off considerably in the summer months, readers are asked to bear this small additional cost.

SAVE \$1.00

Subscribers can, however, renew for another year at the old rate of \$5.00, if paid by Oct. 15th. Bills on all subscriptions which expire prior to Jan. 1st, are now being mailed

SEND YOUR RENEWAL IN TODAY

I RISE TO REMARK

By CONGRESSMAN JOHN PHILLIPS

The increasing heat of the election, not to mention the temperature in Washington and California, have not fully pushed the delicacy of the Berlin situation from its top spot in the mind of the average citizen.

Perhaps the gas shortage will top it. When I was in San Francisco last week, it was the obvious feeling that the gasoline strike would be settled by the middle of that week. They were holidays anyway; there would be gas enough for that weekend, and the workers, having given this demonstration, would settle the wage argument and

return to work. It did not turn out that way. I do not know the merits of the argument. The unions want, apparently, a 21 cent increase and the companies offer a 12½ cent increase. The point that interests me now, as it must interest all other citizens individually (aside from the inconvenience of having to hunt for gasoline) is the increasing danger of government interference, on grounds of public safety, convenience and welfare. On such grounds, governments inject themselves into the affairs of their citizens, and the ultimate loss in individual liberties, the increasing bureaucracy, and the rising taxation, will be a sorry price to pay for the argument between the employers and the employees of this industry, or any industry whose product is necessary to carry on the everyday life of the people.

TO COME BACK to Berlin, little by little I hope to bring out small, and otherwise overlooked points in this weekly letter. This time I speak of the recent sudden death of Zhdanov, one of the Russian representatives in the conferences over the Berlin crisis, and the man often spoken of as the probable successor to Stalin. His death, presumably unexpected, caused a recess in the negotiations, but it may have other effects.

Did you recall that Zhdanov was the Russian general in the ill-fated war with Finland? Under the Russian code, he was therefore responsible for the outcome. He never ceased to blame the United States and to show that bitterness. He blamed President Roosevelt for the American opposition to that war; he became definitely anti-American in his thinking; he absented military affairs where he might find Americans. Yet, while America followed an appeasement policy towards the USSR, he still appeared in the picture, for Russia.

WHAT EFFECT will his death have? I shall watch, as you will, to see if a new representative, replacing him, is from the older group, more friendly to America. If so, it will be tremendously significant. On such small hairs, hangs the peace of the world.

I spoke of Zhdanov's death as presumably unexpected. When you live in a country, operating under national socialism so completely as Russia, deaths may be either natural or political.

Just Six Days
Left in Which
To Register

Six business days remain in which to register for the Nov. 2 election. Villagers were reminded today. Deadline falls next Thursday, Sept. 23.

Any who have moved, have just come into their precinct, have just attained voting age or who failed to vote in one of the two 1946 general elections, must register by Sept. 23 to be able to vote Nov. 2.

BESIDES the presidential election and a possible fourth district supervisorial flare-up, there are 21 propositions on the ballot. Villagers may register with Mrs. Louise McCann, deputy registrar for the county, Rhoda Garner at Burkett, Feelings and Veith, 754 North Palm Canyon, or Anne Gonzales, in Judge E. C. Thierau's office at 810 North Palm Canyon Drive. There will be no down town registration booths this year.

WALTER MCCLASKY, deputy county clerk in charge of elections, predicted county registration would set a record mark of 70,000 for the Nov. 2 election. His offices will remain open until 5 p. m. Sept. 23 and he said that some individual registrars were planning to be available after that hour in county cities to accommodate late-comers.

Auxiliary Will
Hear Reports
On Sessions

Reports of the recent state convention of the American Legion auxiliary will be made at the first meeting of Owen B. Coffman Post Auxiliary some time early in October, Mrs. Dorothy Morrison, president, said yesterday.

Attending the session as delegates from the local auxiliary were Mrs. Eva Menard, Mrs. Violet Knapp, Mrs. Mary Elsworth and Mrs. Morrison.

Boy Prisoners
Will Get Paid

Boy prisoners at the county's juvenile forestry camp in the mountains south of Banning will be paid twenty-five cents per day for their labor on public works projects, the board of supervisors declared Monday.

All prison labor will be performed under supervision of camp councilors.

Draft Sign Up Deadline Set For Saturday

All in 18-25 Age
Bracket Must Be
Registered Then

Deadline for draft registrants is 5 p. m. tomorrow at the Palm Springs Union High School. This reminder was announced by Mrs. Lou Oliver, in charge of registrations at the school. She said that registrations had slowed down to a snail's pace during the past week but is of the belief that many of the draft-aged men registered before returning to Palm Springs for the season. "Since registrations began," Mrs. Oliver said, "from 20 to 25 men a day were registered. Monday and Tuesday saw no more than eight appear for registration."

Although Friday and Saturday was set aside by the government for the registration of 18-year-old youths, Mrs. Oliver said that all ages may appear on those two days.

She admonished those in the draft age-bracket that unless they are registered by 5 p. m. Saturday they will face prosecution by the government for draft evasion.

"And those who reach their 18th birthday," Mrs. Oliver said, "must register within five days or face prosecution."

Open Verdict In Acida Case

Coroner's inquest held at Wile's Mortuary Saturday, presided over by Deputy Coroner Seymour Cash, found that Gabriel Archibald Acida, 16, died of injuries suffered when an unknown hit-and-run motorist truck him down on Labor Day. "Acida died at the Palm Springs Community Hospital without regaining consciousness. He was hit by an automobile on Highway 99 as he was walking along the road just east of Banning. Road blocks and an intensified search for the run-away motorist proved futile."

From Page 4—MORE ABOUT Cathedral City

for several days with a kidney attack. Mrs. Barry Pearl reports her father, who has been very ill, is much improved.

Mr. and Mrs. Bert Wade are vacationing by taking a trip through Bryce, Zion and the Grand Canyons. They left the desert last Saturday.

Lou and Ruth Duncan have returned to their desert home after spending the summer at Banning.

Bob Camp, Herb Henry and Harold Crawford are off to the opening of deer season, as no doubt are many of the lucky Cathedralites. We only hope they will all be lucky. Herb has been the lucky one of that trio the past two years.

The George Patricks are back from their summer in Ohio and Michigan and to greet the new granddaughter.

The friends of Mac Moore, the sanitarian of this area, will be happy to learn he is much improved after being quite ill. Mac and Mrs. Moore recently returned from a very lovely vacation to San Francisco. They said they did all the interesting things they wanted to and the weather was perfect.

Mrs. Scott Thompson, our 3rd grade teacher, returned from Kansas City where she has spent her entire vacation caring for her mother who is very ill. Mrs. Thompson had hoped to bring her mother home with her but she was much too ill yet to make the trip.

LEGAL NOTICES

CERTIFICATE OF BUSINESS
Fictitious Firm Name
The undersigned does hereby certify that she is conducting a Trailer Park business at 114 South Calle in Cilia, City of Palm Springs, County of Riverside, State of California, under the fictitious firm name of **PALM SPRINGS TRAILER CORAL** and that said firm is composed of the following persons, whose names and addresses are as follows, to-wit:

Miss Norma Perry, Box 29, Palm Springs, or 115 South El Segundo
Witness my hand this 14th day of September, 1948.

City Manager Learns All About Parking Meters

City Manager William E. Alworth was exposed yesterday to an intensive education in the operational efficiency of eight different types of parking meters. Representatives of parking meter manufacturers, eight of them, demonstrated the features and merits of the various makes. "Some of the machines," said Alworth, "are automatic in operation while others have to be wound by each person after insertion of a coin."

Beyond saying that approximately 500 meters would be used

on the streets of Palm Springs, Alworth could not tell at this time what the parking fee would be or what length of time a car could be parked in restricted zones.

The area in which they will be installed include Palm Canyon drive from near Alejo drive to Ramon Road and that all of the side streets in that area.

A decision on what type of meter will be used by the city is expected in the near future.

Between Jan. 5 and May 12, 1948, 211 floating Japanese mines were spotted in the Pacific, including 113 within the 50-mile limit of the American continental coast; 69 were destroyed by American agencies within the 50-mile limit, and 74 outside.

Mayor's Cup Site Won't Be Known Until Tomorrow

The "when" is known but the "where" isn't.

Play in the Mayor's Cup series will start Monday night but where will not be decided until after tonight's game between Desert Hot Springs and Mexican Colony. The winner will meet the Palm Springs Electric in the Mayor's series and that's why the location isn't known.

If Desert Hot Springs wins, the game may be at Desert Hot Springs. If Mexican Colony wins, all games will be here.

P. S. Electric and tonight's winner will toss for the honor of being the first home team and Hot Springs, if they are in it, naturally will want to start the series there.

It all depends, said Bog Bennett, recreational director.

Senior Boys Beaten by Sox In Hot Game

Senior Boys stepped up in class Tuesday night and took on the White Sox of the Desert League when they couldn't find worthy opponents in their own age bracket.

And they got licked—but made a valiant try. The final score was 8-6 in favor of the Sox.

A Boys' club rally in the final inning fell short by two runs.

The line score:

	R	H	E
White Sox	8	12	14
Senior Boys	6	12	10

For Sox: Jones and Pellum; B. Prieto and Valesquez.

Maynard Leads Quest for Deer

Village hunters took to mountain fastness this week in order to stalk to elusive deer with the opening of the season yesterday.

Police Officer Jim Maynard, who is reputed to know the surrounding mountain area better than anyone in Palm Springs, led an expedition of more than ten Village hunters to Round Lake in the Mt. San Jacinto range.

Are teen-age drivers as reckless as older folks say they are? The National Safety Council says "yes." Special studies indicate that the fatal accident rate in terms of miles driven by youngsters under 20 may be 89 per cent higher than the average rate for all drivers.

Rye and wheat are unlike in color and taste but are similar in chemical content.

Hot Springs and Mexican Colony Decide it Tonight

Opponent of the Palm Springs Electric in the playoff for Mayor Charley Farrell's cup will be decided tonight as Mexican Colony and Desert Hot Springs square off at the Field Club in the third and deciding game of their series.

Desert Hot Springs won the first game and Mexican Colony the second and they go into tonight's final all square.

Under the rules of the Desert League, second and third place tangle in a playoff at the end of the regular schedule for the right to meet the top team for the Mayor's Cup. Mexican Colony and Desert Hot Springs qualified.

AT THE FIELD CLUB Monday night Desert Hot Springs bumped the Colony lads 6 to 3 bunching their runs in the third inning.

Morey and Zrebelc of the winners took a long lead in the race for the prize offered by Palm Springs Builders' Supply for the best batter in the series, by getting three out of three and two out of three respectively in that game.

The line score:

	R	H	E
Hot Springs	6	14	0
Mexican Colony	3	11	1

For Hot Springs: F. Prieto and Canales.

WEDNESDAY NIGHT at Desert Hot Springs, the Colony lads reversed the deal behind the one-hit pitching of Ben Prieto. Pitcher Prieto not only blanked his opponents but also knocked a four-run single. With the bases

Stars Wind Up Season Winning Over Trotters

Desert Stars, champions of the Girls' league, and Globe Trotters, runners-up, closed the Girls softball season Tuesday night with a non-league game won by the Stars 5 to 4.

The line score:

	R	H	E
Desert Stars	5	10	3
Globe Trotters	4	5	3

Barbara Crossley and Corinne Crossley; Minnie Turner and Essie Pellum.

loaded he bounced one into left field which got away and before it was retrieved, four runs had scored.

Brother Frank Prieto socked a homerun in the seventh to add to the fun. The final count was 7 to 0.

The line score:

	R	H	E
Mexican Colony	7	10	2
Hot Springs	0	10	0

Ben Prieto and Canales; Poist, Morey and Ellis, Poist.

From Page 1—MORE ABOUT—

Western Week...

There will be plenty of games for all under direction of Jimmy Hume.

BIG WESTERN DANCE of the week will be held Saturday night after a day of Western fun. The dance will be at the Del Tahquitz hotel.

The Western Week parade will start Sunday at 1 p. m. with a big 49-er Western Show at the Field club following.

After the Western Show there will be the award of a horse and saddle gear to some lucky person.

From Page 1—MORE ABOUT—

This Side ..

helps Dave Lyons with the remodeling in the summer, got a lot of paint on his hands, which was transferred to the door knob and looked like blood to the police.

Dave Lyons saw an immediate chance for a publicity plug. "Blood!" he said. "Mr. Dee's is dead! ... The 'diddle and Sirloin is born.' ... He is changing that name of his popular spot from Mr. Dee's to Saddle and Sirloin this season.

OVER AT INDIO a pair of donkeys got loose and were cavorting around a school yard, menacing the kids. ... A radio appeal went out for the owner. ... And the announcer started it off with: "Paging Mr. Truman" ... I always did like Bing a lot better than Frank as a singer. ... Now I do, more than ever. ... In Harrison Carroll's column in the Herald-Express the other night, Sinatra was quoted as saying: "Hollywood doesn't know anything about heat. ... It was 130 the other day at my Palm Springs home." ... It was not! ... Wednesday was felt hat day. ... Anyone with a straw hat was supposed to throw it away. ... The day passed unnoticed here.

THE BUSINESS MANAGER of the Wee Willagers Weekly (which comes out every other week) is a persistent guy. ... A local businessman found this note on his door this week: "Every time we come to get our money you're gone. Are you trying to get out of a dime?" It was signed by the staff of the W. W. W. ... Louise Leavell of the Palm Springs Drug fountain, has the answer for any customer who gripe about the high cost of food. ... It's a menu from the Park Hotel in Shanghai which a customer left there. ... It quotes chicken at \$800,000, T-bone steaks at \$600,000, cheese at \$500,000. ... Cheapest item was jam at \$80,000. ... Hot dogs are not listed.

SPENT AN ENJOYABLE evening last night reading Ed Ainsworth's newest book, "California Jubilee." ... Nellie Coffman comes in for a bit of praise for the way she conducts the Desert Inn. ... The Palm Springs area and Coachella Valley play a prominent part in the book and I learned a lot of new things about our desert. ... Ainsworth loves it. ... He had a place near Mecca. ... And knows the desert and its characters—using the word in a nice sense—inside and out. ... The book is well forth reading.

SOMETHING I cannot say about this.

Quitting time?

Time for liberty to take a day off?

Time for us Americans to turn our backs and ignore the fact that freedom throughout the world is being threatened?

Time for us to forget how generation after generation of Americans have labored and fought to make freedom a living, working, wonderful thing?

Quitting time?

You can bet your life it isn't!

It's time for us to really start working ~~not~~ start fighting for the way of life we love.

There are millions—only a few air-hours away in other countries—who can't enjoy Labor Day or any other day. They traded personal freedom for economic security—and then didn't get security.

Let's not follow their example. Let's protect our precious human rights here in America. Let's help restore the rights of those who have been victimized throughout the world.

It's not easy to do. Yet not too difficult, either. We simply do our jobs as good citizens. Study political issues. Read newspapers that represent opposing groups. Find out what candidates stand for and why. Our votes can help lock the door against any attempts to steal our freedom.

Let's take more interest in civic groups, too. Attend town meetings, union meetings, school meetings, and sound off when we think our freedom is threatened.

Quitting time?

No indeed! It's time to start working as full-time citizens!

WHAT TO DO ABOUT IT

FIND OUT ELECTION ISSUES. Attend local political gatherings. Hear both sides. Ask questions. KNOW the issues.

VOTE INTELLIGENTLY. No election is unimportant. Vote in all of them. ... according to your conscience. It's your government.

SERVE GLADLY ON JURIES. If you haven't served before, you'll be surprised to find how interesting and important it is. JOIN LOCAL CIVIC GROUPS. Parent-Teachers' Association or School Board, if opportunity permits. Good education is vital.

VOTE IN UNION ELECTIONS AND STOCKHOLDERS' MEETINGS. Take part in the decisions that affect your life. Don't let someone else do it.

Freedom is everybody's job!

The Desert Sun
